PREVENTS THE STRIKE

RESTRAINING ORDER SERVED ON
MEMBERS OF WABASH GRIEV-
ANCE COMMITTEES.

OFFICIALS ALSO ENJOINED

Heads of all the Railway Orders Re-
strained From in Any Way or Man-
ner Ordering or Persuading, Direct-
ly or Indirectly, the Employees of the
Wabash Railway Company to Strike,
Injunction Temporary.

St. Louis, March 4.—An injunction
granted by Judge Adams, of the United
States district court, prevented the
culmination during the day of the
threatened strike of 1,100 firemen and
trainmen of the Wabash railroad for
higher wages. As the result of the
poll during the past week among the
employees over the question of striking
in case President Ramsey ultimately
refused to grant demanded
wage concessions on the Wabash east
of the Mississippi river, the engineers
and conductors refused to participate
in a strike, but the firemen and train-
men favored it emphatically. Their
committees notified President Ramsey
Monday that he would be given
until noon to grant their demands. If
by that time he still refused a strike
would be immediately called.

In the afternoon President Ramsey
requested a little more time and the
two committees granted him until 5
o'clock p. m. to make final reply. Be-
fore the allotted time had expired
President Ramsey had

Secured a Restraining Order
from the court and it had been served
on all the officials of all the orders
and members of the grievance com-
mittees. The injunction is a most
sweeping instrument and effectually
blocked any strike proceedings. In
part it reads:

"We, therefore, do strictly command
you, until the further order of the
court, absolutely to desist and refrain
from in any way or manner ordering,
coercing, persuading, inducing or
otherwise causing, directly or indi-
rectly, the employees of the said Wa-
bash railway company to strike or
quit the service of said company."

The injunction is temporary and
the writs are not returnable. The
persons against whom the injunction
is issued may appear in court at any
time and present a plea to have the
injunction dissolved, or, if no one
asks that it be dissolved, it may be
made permanent.

Statement by Ramsey.
After President Ramsey learned
that the injunction had been served
he said:

"We will go on dealing with our
own employees the same as usual.
This order will not affect them at all.
If a strike takes place it will be due
to outside interference. The order is
meant to restrain others on the out-
side from interfering with our em-
ployees, or of ordering a strike. It
was outside influence that caused dissen-
sion. The employees of the Wabash
were satisfied and would have remain-
ed satisfied if left to their own ac-
cord."

Meantime the grievance committees
had prepared and submitted to Pres-
ident Ramsey a letter setting forth
the increase concessions desired.
Soon after the delivery of this letter
to President Ramsey the injunction
was served.

Rejects All Demands.

Two hours after the serving of the
injunction President Ramsey sent to
the grievance committees his reply to
the letter practically rejecting all
their demands. Before leaving his
office to go home, he said he did not
believe a strike would occur.

The committee of firemen and train-
men met and talked over the situa-
tion in the evening and then disper-
sed for the night. Grand Master Mor-
rissey of the Brotherhood of Railway
Trainmen said after the meeting:

"We have decided to make no move
until after a consultation with our at-
torneys. This consultation will be
held in the morning."

Mr. Morrissey in a signed statement
said nothing would be done in viola-
tion of the injunction and the dissat-
isfied employees would bow in submis-
sion to the law.

GOOD ROADS CONVENTION.

International Meeting to Be Held in
St. Louis This Year.

Washington, March 4.—The secre-
tary of state has advised diplomatic
officials that a national and interna-
tional goods roads convention will
be held in St. Louis from April 17 to
May 2, 1903, under the promotion of
the National Good Roads association.
The officials of the roads department
of the department of agriculture, the
St. Louis Exposition, the state, coun-
ty, city, commercial boards and rail-
way organizations.

The chief object of the congress is
to arouse special interest throughout
civilized countries in the betterment
of the public highways. With a view
to securing the presence in the con-
gress of the most skillful engineers
and road builders, the state depart-
ment has furnished copies of the of-
ficial invitation which will be extend-
ed to foreign governments with the
request that they send representative
delegates to the congress.

MYSTERY OF THE SEA.

German Steamer Reports Sinking of
an Unknown Vessel.

New York, March 4.—The German
steamer Pisa, from Hamburg, arrived
here during the day and reported that
on Feb. 16 she saw a steamer, with
one mast and one funnel, standing
bow out of water and stern settled
down. Later, when the Pisa was
within a mile of the steamer, the latter
disappeared. There were no
boats or rafts in the vicinity of the
vessel. The captain of the Pisa be-
lieves that all hands perished.

SIGN AGREEMENT.

Hocking Valley Miners Granted In-
crease in Wages.

Athens, O., March 4.—The miners
and operators of the Hocking valley
have signed an agreement fixing the
dead work scale and outside day la-
bor scale for the year ending March
31, 1904.

An advance of 12 1/2 per cent was
granted all along the line.

A uniform scale was fixed for out-
side day labor, the first scale of the
kind ever formulated.

All outside labor is placed under
control of organization of the agree-
ment.

REPORTS NOT FAVORABLE.

Seven or Eight Fishermen Said to Be
Afloat on Ice Floe.

Milwaukee, March 4.—A special to
the Sentinel from Menominee, Mich.,
says: Later reports in regard to the
fishermen carried out on the ice are
now favorable. It was supposed up to
a late hour in the afternoon that all
the fishermen had been rescued, but
men who came from the scene of dan-
ger in the evening say that seven or
eight men from Menominee are
now afloat and the gravest
fears are felt for their safety.

KILLS FINANCIAL BILL

SENATE DISPLACES ALDRICH
MEASURE WITH PHILIPPINE
TARIFF BILL.

DELIBERATELY MURDERED

Mr. Aldrich Claimed a Small Number
of Senators Had Maliciously Slaugh-
tered His Measure—Quay Springs
Surprise by Offering Statehood Bill
As an Amendment to Philippine
Tariff, But Later Withdraws It.

Washington, March 4.—The final
defeat of the Aldrich financial bill was
witnessed in the senate when it was
displaced by the Philippine tariff bill.
Mr. Aldrich explained in detail his
bill, and said that a small number of
men in the senate had deliberately
and with malice aforethought murder-
ed it.

One of the features of the session
was the fact that for the first time in
four years Delaware was fully repre-
sented in the senate. J. Frank Allee
and L. Heisler Ball, elected for the
long and short terms respectively, ap-
peared in the senate and were sworn
in by President Pro Tem Frye. Be-
sides the two years that Delaware
had been totally unrepresented in the
senate, there were two years pre-
vious to that time that there was a
vacancy in one of the seats. Mr.
Ball's term of service will expire two
years hence, while Mr. Allee has four
years.

The senate for the first time in four
years has its full membership of
ninety.

Elkins Makes Charges.

In the course of the debates Mr. El-
kins declared that the Republican
party had been false to its solemn
pledge in three successive platforms
with respect to statehood for Arizona,
Oklahoma and New Mexico and he
said that it was the first time that
party had been guilty of filibustering.
He declared that upon the Republican
majority rested the responsibility for
the defeat of several important mea-
sures in the senate. The senate at 6
o'clock took a recess until 8 o'clock.

In the course of the night session
Mr. Quay sprung a surprise by offer-
ing as an amendment to the Philip-
pine tariff bill, the statehood bill,
which he later withdrew, remarking:
"That the circumstance requiring the
offering of the amendment had col-
lapsed." The conference reports on
naval and general deficiency bills were
agreed to.

At 1:40 a. m., the senate agreed to
the conference on the naval bill and
Mr. Hale immediately followed it up
with the conference report on the gen-
eral deficiency bill.

The total carried by the naval bill
as agreed to is \$81,877,291.

At 1:52 the senate took a recess
until 10 o'clock.

LONG HOUSE SESSION.

Members Grind Away Nearly All
Night on Various Bills.

Washington, March 4.—Tuesday was
almost a repetition of Monday in the
house. Slowly but surely, through
the operation of ceaseless roll calls,
the conference reports to complete the
necessary legislation were ground out
and when the house at 7 o'clock p.
m. recessed until 10 o'clock, only two
conference reports on appropriation
bills were still undisposed of—the gen-
eral deficiency and the naval. The
Democratic opposition did not abate
and will be continued until congress
expires at noon. During the debate
on conference reports, members on
each side got in political speeches
and several times party passion flared
up. Just before the recess, bedlam
broke loose and there was an ex-
change of high words between two
members on the floor. A personal
altercation seemed imminent.

In the confusion, but was averted by
the intervention of friends.

The actual business done during the
eight hours of the day session consist-
ed of the adoption of the conference
reports on the immigration, public
building and sundry civil bills, the
reference of the president's veto mes-
sage of a Virginia claim bill to the
committee on way claims, the adop-
tion of a resolution to correct clerical
errors in the immigration bill and the
passage of a senate bill to author-
ize the treasury department to coin sou-
venir coins of the Thomas Jefferson me-
morial association.

After recess a number of bills of
minor importance were passed. The
conference reports on the naval and
general deficiency bills were agreed to,
which completed all the appropria-
tion bills of the session. It was 4:05
a. m. when the house took a recess
until 10 o'clock.

FATAL MINE EXPLOSION.

Two Men Killed and Four Others In-
jured.

Pittsburg, Kan., March 4.—By an
explosion in Mount Carmel coal mine
No. 8, two miners were killed and four
injured. It is supposed dust ignited
from shot-firing.

Walter A. Scott Dead.

St. Paul, March 4.—Walter A. Scott,
general manager of the Chicago, Min-
neapolis and Omaha railroad, and pre-
sident of the St. Paul Union depot com-
pany, is dead. Intestinal trouble of a
cancerous nature caused his death.

POPE LEO'S CORONATION.

Anniversary Celebrated in Rome With
Impressive Ceremonies.

Rome, March 4.—The twenty-fifth
anniversary of the coronation of Pope
Leo was celebrated during the day
with all the grandeur and impressiveness
associated with the high cere-
monies of the Catholic church, and amid
a display of enthusiasm and emotion
on the part of the vast assemblage
gathered within the walls of St.
Peter's that vied with the greatest of
previous demonstrations of reverence
and affection for the aged pontiff.

At night all the sacred edifices in
Rome, monasteries, convents, semi-
naries and also many private houses
were illuminated in commemoration
of the event, the Trastevere quarter
and the Leonine city especially pre-
sented a blaze of light, while the gen-
eral effect was heightened by the
burning of Bengal fires throughout
the city.

Pope Leo, who supported admirably
the fatigue and excitement of the
day's ceremony, after having retired,
rose again from his couch and going
to the window of his bedroom gazed
for a while upon this scene of illumina-
tion. The view from the vatican, em-
bracing a stretch of seven miles bril-
liant with light, was a marvelous one
and his holiness exclaimed as he with-
drew from the window:

"This will, indeed, be a pleasant
thing to dream of."

The ceremony in St. Peter's cathed-
ral lasted two hours and a quarter,
and although it was noticeable that
Pope Leo felt the effects of his recent
cold, all were surprised to see how
well he seemed. His voice was strong,
his gestures vigorous, and the frantic
cheering which greeted his arrival
and departure gave him visible pleas-
ure and brought a faint tinge of color
to his face. After the third ceremony
of the morning, Dr. Lappont carefully
examined the condition of the pope
and although he found him none the
worse for the fatigue he had under-
gone, yet he ordered him to rest dur-
ing the whole afternoon. But at night
after the doctor's last visit his holiness
insisted upon getting up to view the
illuminations.

OBSERVED IN NEW YORK.

Pontifical Mass Celebrated by Arch-
bishop Falconio.

New York, March 4.—The comple-
tion of the twenty-fifth anniversary of
the reign of Pope Leo XIII. was ob-
served at St. Patrick's Cathedral here
with a solemn pontifical mass of
thanksgiving celebrated by Archbishop
Falconio, apostolic delegate to the
United States. Mr. Falconio was as-
sisted by Mr. Mooney, vicar gen-
eral, and other priests, while Arch-
bishop Farley, Archbishop-elect Quig-
ley of Chicago, six bishops and other
church dignitaries, were grouped at
either side of the altar.

SETTLES THE ROS CLAIM.

Dominican Government Accepts Prop-
osition of Minister Powell.

Santo Domingo, March 4.—The
Dominican government during the day
informed United States Minister
Powell that it is willing to issue a de-
gree, as requested by him, to place
Mr. Ros in the full possession of the
benefits of his concessions upon the
terms indicated by the minister.

The Dominican government had re-
fused until now to take over certain
improvements made by Salvador Ros,
including the building of a wharf and
warehouse and the improvement of the
Macoris channel. These works
were completed more than three years
ago, but were not accepted, although
the government has been enjoying the
benefits of them since 1900.

The acceptance of the proposition
of Minister Powell led to the resigna-
tion of Finance Minister Telera, who
bitterly opposed settlement of the
American claims.

Candelario, Rosa and Suero, the
leaders of the insurrection in the
Barahona district, have been captured,
and that part of the republic is now
quiet.

NO LOVE FOR GERMANS.

Venezuelan Newspapers Refer to
Them as Anarchists.

Caracas, March 4.—The Venezuelan
warships Zamoran, Veniteria de Mayo
and Zumbador, captured by the Brit-
ish during the blockade, were return-
ed to Venezuela during the day at La
Guayra. The Bolivar is expected at
La Guayra soon.

It is asserted that a dynamite bomb
was discovered by Venezuelan sol-
diers among the coal left by the Ger-
mans on board the Venezuelan war-
ship Restaurador when that vessel
was returned to Venezuela. The re-
ported discovery created intense ex-
citement. The newspapers refer to
the Germans as anarchists.

The revolutionists are still retreat-
ing from the Caracas district and are
now at Rio Chito. The government
forces have abandoned Barcelona and
Coriscano, those towns having been
occupied by the revolutionists.

TURKS AND REBELS CLASH.

Noted Macedonian Leader Escapes to

Sofia, March 4.—A collision has
taken place between Macedonian rev-
olutionary forces under the famous
Boris Sarafoff and a body of Turkish
troops near the village of Vladinovo.
It is reported that ten of the insur-
gents were killed or wounded, while
the loss on the Turkish side was much
greater. The revolutionaries succeed-
ed in escaping to the hills.

River Passes Danger Line.

Cincinnati, March 4.—The Ohio
river passed the danger line of 50 feet
here during the day, registering 50.6

GENERAL BOOTH'S FAREWELL

Venerable Salvation Army Leader
Leaves the United States.

New York, March 4.—General Wil-
liam Booth's farewell to America was
marked by the most enthusiastic rally
that the Salvation Army has ever held
here. It began with a celebration at
the Metropolitan Opera House, and at
midnight there was a torchlight pro-
cession through the streets headed by
the venerable Salvationist in a car-
riage. The gathering in the opera
house was presided over by Justice
Charles F. McLean, in the absence of
Senator Hanna, who was unable to
leave Washington. In responding to
Justice McLean's farewell, General

Booth said that since coming here
five months ago he had been enthu-
siastically received everywhere, and
that he had found his daughter and
son-in-law and the other officers as
well as the rank and file of the army
doing all in their power to advance
the movement which he had started
for the people.

A letter from President Roosevelt
and letters and telegrams from other
prominent men were read at the meet-
ing.

At the conclusion of the meeting
General Booth drove at the head of a
procession of 2,000 Salvationists to
the army headquarters, where he re-
viewed the parade.

WINE OF CARDUI
is a thoroughly
scientific and mod-
ern remedy, meet-
ing the needs of the modern
woman in the modern way
—without the torture of an
operation. Wine of Cardui
has cured them in the pri-
vacy of their homes and it
has found a place in the
hearts of American women
that no other medicine has found. In
their gratitude over 10,000 American
women have written letters commend-
ing Wine of Cardui. Wine of Cardui
meets their wants as no other medicine
does. It sustains the young girl at the
shock of her entrance to womanhood.
Women who take Wine of Cardui have
little discomfort during pregnancy and
little pain at childbirth. When the
change of life appears they enter a
happy, healthy old age. Every month it
comes to the rescue to assist Nature in
throwing the impurities from the body.

Miss Sarah Finley

following praise on Wine
of Cardui:

"Among the numerous
medicines placed before suf-
fering women for their relief
none can touch McElree's
Wine of Cardui. It towers
above them all as a reliable
female remedy. It simply
drives pain and disease away
and restores health in an incredibly short
period. I have taken great interest in this
medicine for the past two years, since it
brought health and strength to me. I
have also recommended it to a number
of my friends and they who have used it
speak of it in the highest terms and I feel
that it is praise well bestowed."

If you are suffering from female
weakness Wine of Cardui is the medi-
cine you need.

You can have health the same as
Miss Finley if you will take the Wine
of Cardui treatment. If you need ad-
vice further than the complete direc-
tions given on the bottle, address The
Ladies' Advisory Department, Chatta-
nooga Med. Co., Chattanooga, Tenn.

REPRESENTATIVE MARK has introduced a bill to compel railroads to provide free transportation for all members of the legislature, state officials, appointees and judges.

THE St. Louis exposition commissioners will have to be reappointed by the governor. They were named under the old law which made provision for the fair to be held in 1903.

BRYAN says he will bolt and walk out of the convention if the plutocratic democrats win in 1904 and an independent democratic ticket will be in the field. This is fair warning.

THE bill before the legislature making the abandonment or neglect of wife or children a felony has been recommended for passage. There should be no delay in making it a law.

ACCORDING to statistics compiled there are 10,000 more pupils in the schools of the state entitled to the per capita apportionment of the current school fund than there were at this time last year. The total number of school pupils in Minnesota is 353,918 and the apportionment is \$1.39 per capita. The apportionment last October was \$2.00 per capita, but it is always larger in the fall than at this time.

A MAGNETIC healer is under suspicion at Wadena for having caused the death of Hazel Hooser, of Motley, a 12 year old girl whom he treated for partial paralysis of the legs. The girl died Friday and the fact was kept a secret for over 24 hours and her parents have instituted an investigation. The girl was strong and healthy and died shortly after the "healer" had given her injection of some preparation. The coroner's jury severely censured him for his treatment of the case.

BLAZE AT E. C. BANE RESIDENCE

Plumber While at Work in the Cellar Thawing out Pipes Set a Pile of Straw on Fire.

Last evening about 5 o'clock a fire alarm was turned in from the home of Mr. and Mrs. E. C. Bane on 4th street north. The department responded and found that quite a blaze had started in the cellar, a pile of straw having been ignited by Nels Nelson, who was doing some plumbing work there.

He was at work thawing out the pipes and a spark flew to the straw. He did his best to put the fire out but it got the start of him and spread very rapidly.

The department prevented a more serious conflagration by its promptness. Most of the damage was from smoke and water. The floor just over the cellar was badly damaged by being torn up. Mr. Bane estimates his loss at about \$200. The house is owned by parties living in St. Paul and the loss is fully covered by insurance.

Leonardo da Vinci, the celebrated Italian painter, sculptor and architect, died in 1519. He was born in 1452 and became well versed in all the sciences and arts of his time. His most famous picture is "The Last Supper," painted on the wall of a convent at Milan. He is said to have anticipated Galileo, Kepler, Copernicus and others in their astronomical theories and also some of the discoveries of recent geologists, though his views are expressed in somewhat vague language.

A Successful Test.

At a small town in Kent a gentleman employed a carpenter to put up a partition and had it filled with sawdust to deaden the sound. When it was completed, the gentleman called from one side to the carpenter on the other: "Smith, can you hear me?" Smith immediately answered, "No, sir."—London Tit-Bits.

THAWED OUT WITH ELECTRICITY

The Laurel Street Water Main which was Frozen up Nearly a Block was Thawed Out Last Night.

A novel experiment and one which will prove very valuable in this city in the future, was tried last night by Supt. Peterson of the electric light plant and resulted very successfully.

Considerable trouble has been experienced of late with the Laurel street water main, it having been frozen up for some time. In yesterday's proceedings of the meeting of the city council it will be remembered that this matter was referred to, it being stated that in grading the street the city had failed to lower the water main in accordance with the terms of the contract between the city and the Minnesota Water Works Co. It was thought that this main would have to be dug up a distance of at least a block to be thawed out, but Supt. Peterson suggested that electricity be used to thaw the pipes. Accordingly a wire was attached to a hydrant at one end of the block and to the pipe beneath the ground at the other end. In just one hour and a half the pipes were thawed out. It took just 40,000 watts to do the business. It is a four inch main.

Everything in Readiness for the Grand Opening of Elks Hall Tomorrow Night.

Committees Working Hard.

The committees appointed to take charge of the arrangements for the meeting of the members of the B. P. O. E. tomorrow night, which event will mark the opening of the hall after having been overhauled and thoroughly renovated, are exerting every effort to make it a great "night out" for the boys, and the indications are that the sessions will break all records of the "Hello Bill" order in this city.

It is now definite that something like twenty candidates will be initiated. The work in the initiations will commence tomorrow afternoon at 3 o'clock, when a large class will be put through. In the evening again a few of "the chosen" will loop the loop and they will certainly be sorry.

The committee in charge of the social session have provided an excellent program of music and song, and good cheer will reign supreme. An excellent banquet will be spread before the members and everything is being done to make the evening one of the most pleasant in the history of Elksdom in the city.

Dr. Thabes and A. L. Mattes returned from St. Paul this afternoon where they have been looking up something "new and novel" which will be introduced for the first time tomorrow night. They looked over the two cities of St. Paul and Minneapolis pretty thoroughly and are loaded for bear and woe be to the trembling novices tomorrow night.

WILL ASK FOR STAY OF HIS EXECUTION

Attorney F. W. Hall, for Ole G. Oleson Murderer, Intervening For Condemned Man.

DATE OF EXECUTION FRIDAY.

New Evidence Said to Have Been Secured and a Hearing Will be Had Tomorrow.

Judge McClenahan this afternoon received a telephone message from F. W. Hall, attorney for Ole G. Oleson, the Aitkin man, who is under sentence of death for the murder of his daughter last fall, and whose execution has been set for Friday morning of this week, stating that he wanted to apply for a stay of proceedings in order to make a motion for a new trial, on the ground that some new evidence had been secured. Mr. Hall also stated over the telephone that the attorney general had been notified and he or some one else may be present to represent the state at the hearing.

Tomorrow is the last day that Oleson can live, unless some such action intervenes and he is now within the shadow of the gallows. The hearing will in all likelihood be had before Judge McClenahan tomorrow morning.

Wheat—Cables dull and 1 to 1 lower. Our market ruled firm and steady during the early part of the day, but towards the close eased off fractionally. The market is inclined to heaviness. Clearance fairly liberal; wheat and flour equal 375,000 bushels. Primary receipts, about same as last year.

Corn—Corn ruled firm and strong most of the day. It would appear that those in control would be satisfied to see prices work back a little with a view of accumulating larger lines at better prices.

Oats—The market has been inactive but steady offerings are light and we are not likely to see much lower prices.

Provisions—Averaged a little firmer and closed 10 to 15 cents higher for May pork.

Reassuring.

"Oh, Harold," wailed the lovely maiden, in whose expressive features grief and indignation seemed to be struggling for the mastery, "how can I believe you in the face of all this evidence of your peridy and double dealing? The letter to Blanche, in your own handwriting; her photograph, found in your possession; the fact, as told me by a dozen witnesses and tacitly confessed by you, that you kissed her the other evening when you were together in the conservatory—how can you reconcile these things with your continued professions of love for me?"

"All these things, darling," said the hero of the story, the light of truth shining in his dark brown eyes and the impress of sincerity stamped upon his noble forehead, "will be satisfactorily explained in the next chapter!"—Chicago Tribune.

Better Out.

"What's this sketch?"
"Oh, that's a little thing I got out of my own head!"
"Great Scott! What a lucky thing you got it out!"

To The People of Brainerd

LADIES AND GENTLEMEN:—
The spring season will soon open up and house cleaning will be in order. To do so properly you will have to make some changes. New paint and paper will have to be put on. Economy in this line, is generally the rule. To assist you in securing your wall paper at a very low cost, I have secured sample books, of the G. W. Turner Co., of Minneapolis, and Wm. Stevenson Co., Chicago Ill. These lines are the best that the market affords, comprising white blanks, plain and embossed bronzes, plain and embossed flats, silks, cretonnes, self tone effect, tapestries, varnished tiles, stripes in plain floral and damask effects, ingrain plain figured and crepe, with borders and ceilings to match. Included in these samples are some patterns made by the F. E. James Wall Paper Manufacturers, which they guarantee, NOT TO FADE. Every roll stamped with their guarantee. These lines must be seen to be appreciated. You who are going to do papering, call and look over these samples before purchasing elsewhere. Yours for business,

EASILY DECIDED.

This Question Should be Answered Easily by Brainerd People.

Which is wiser—to have confidence in the opinions of your fellow citizens and people you know, or depend upon statements made by utter strangers, residing in far-away places? Read the following:

Mr. F. J. Hagadorn, of 123, Ninth street north, says: "For thirty years I had more or less trouble with my kidneys. Some attacks laid me up while during others my back ached so severely that I could not sleep at night nor work during the day. On many occasions I could not stand and talk to a man for two or three minutes without suffering with twinges across the small of my back which radiated toward the shoulders. As time passed by the complaint became more pronounced and difficulty with the kidney secretions set in. As might be expected I tried everything when the attacks occurred to check them, but if I had met with any marked degree of success I never would have resorted to Doan's Kidney Pills.

"When suffering severely I went to a drug store and got a box. I expected the results would be similar to those obtained by using other preparations. In twenty-four hours I changed my mind. I noticed they were acting totally different to anything hitherto tried, and encouraged I kept on with the treatment until I finished two boxes. Now I may have recurrences but at the present moment, and it is some time since I stopped the treatment, I have not a symptom of my old complaint. To anyone interested I will be only too pleased to give the minute details and substantiate the above statement in a personal interview."

Sold for 50 cents a box, at H. P. Dunn & Co. and all druggists. Foster-Milburn Co., Buffalo, N. Y., sole agents for the U. S.

MUSIC AND DRAMA.

"FAUST."

Lewis Morrison's spectacular production of "Faust" is always welcome and the forth coming production at the Brainerd theatre tomorrow night is notable chiefly on account of new scenery and electrical effects, newly painted and devised by skilled artists and electricians. The garden of Marguerite's home, chosen by Goethe as the scene of her temptation and fall, is made dramatically impressive this season by the scenic beauty of the home, the foliage of the garden and the odor of sanctity given by the Nuremberg cathedral, while the scarlet form of Satan lurks behind the shrubbery and garden walls, prompting Faust to pour his passion into the ear of the simple maid, whose purity of mind makes her difficult prey. Some of the chief beauties of the play exist in this scene. Seats are now selling at Dunn's.

"KERRY GOW."

A good play should touch nearly every note in the gamut of human emotions without reaching the edge even, of vulgarity. It should have much more light than shadow, and its characters should be sharply and clearly drawn. "Kerry Gow" is commended as a cure for blues and a panacea for heart-aches, and by virtue of Joseph Murphy's masterful creation of Dan O'Hara, the brawny, witty Irish blacksmith, stands at the top for its record of long continued popularity and prosperity. The "Kerry Gow" will be the attraction at the Brainerd theatre next Saturday night.

GORDON SHAY COMPANY.

The Gordon-Shay Grand Opera Co. everywhere hailed with ardent enthusiasms, combines in its principals and scenic accessories the artistic strength of the Maurice Grau forces with the tremendous popularity among the people enjoyed by the Castle-Square productions. Miss Rose Cecelia Shay made her debut there at the Grand Opera House. There also sang among her present associates Helen Noldi, Mme. Schchis favorite soprano, and Achille Alberti baritone, who accompanied Mme. Nevada on her last concert trip and who was one of Colonel Mapleson's proteges. Others supporting Miss Shay are Pauline Johnson, soprano and Eloise Bishop, contralto, of the American Grand Opera company, Bostonians, and Carl Rosa opera Co. The tenors are Joseph Fredericks and Waffler Wheatly, of the American Grand Opera company, and the conductor is Mascagni's intimate friend and fellow-composer, Carlo Nicosia, who directed the first American performance of the immortal "Cavalleria Rusticana." The chorus represents the cream of the New York musical conservatories. The company carry there own orchestra, and will appear at the Brainerd opera house on next Monday evening, in "Il Trovatore."

MAYOR AMES' FIGHT.

Gives Nine Reasons Why He Should
Not Be Extradited.

Manchester, N. H., March 4.—Coun-
sel for former Mayor Ames of Minne-
apolis during the day visited the su-
perior court to file a petition of ha-
beas corpus for his client, but as the
presiding judge was unable to hear
the case an agreement was reached
that it shall be heard March 11. The
petition calls for the appearance of
Mr. Ames in court for examination as
to his physical condition.

In the petition nine different ques-
tions are raised wherein the petitioner
is deprived of his liberty.
Sheriff Dredger has arrived here
from Minneapolis to take former
Mayor Ames back with him on Thurs-
day, in accordance with the requisi-
tion papers recently granted by Gov-
ernor Bachelder, and was astonished
to learn that a writ of habeas corpus
had been granted.

Sheriff Dredger feels confident that
he will yet take the former mayor
back for trial and will go to Hancock
with Sheriff Doane to see the doctor,
who he understands, is much im-
proved in health. He is authorized to
employ counsel in behalf of the state.

MAJOR GENERAL FOSTER DEAD.

Was Personally Commended by Pres-
ident Lincoln for Bravery.

Indianapolis, March 4.—Major Gen-
eral Sanford Foster died during the
day after a lingering illness. He was
quartermaster general of Indiana and
by proclamation of the governor in
the afternoon his body will lie in state
and business will be generally sus-
pended.

The legislature will take action.
General Foster was one of the distin-
guished generals of the Civil war,
having risen from the ranks. He was
personally commended by President
Lincoln for bravery in action, being
the only general in the war it is
claimed, who received this distinction.
To his prompt action at Appomattox
is credited much of the favorable re-
sult.

The Mountain View Route.

This is what the Northern Pacific
—Shasta, or Shasta-Northern Pacific
Route—it reads as well back-
ward as forward—may well be
called.

The route takes its name from Mt.
Shasta in northern California. This
white, snow capped peak, at the foot
of which the Shasta route winds, is
14,350 feet high. The mountain is in
plain view for several hours from the
train and its distance from the track
varies from twelve to seventy-five
miles.

The beautiful scenery of the Sacra-
mento river at the base of Shasta, is
connected with this route only.
Castle Crags, Mossbrae Falls and
the natural twin soda fountains at
Shasta Springs are scenic gems.

The crossing of the Siskiyou range
furnishes the par excellence of rail-
way mountain scenery and observa-
tion cars are furnished there free of
charge. Then in succession comes
Mts. Jefferson, Hood—a beautiful
mountain—St. Helens, Rainier—14-
532 feet high—and Adams, all former
active volcanoes and now covered
with glaciers.

From Portland a steamboat ride
trip up the noble Columbia river to
the Cascades and Dalles enables the
tourist to see a river, palisades,
waterfalls and mountains far sur-
passing anything the Hudson can
show.

An opportunity is also given to
visit Tacoma, Seattle, Victoria, Van-
couver and the Puget Sound region.
Then follow the cascade range and

SENTENCED FOR LIFE

**MRS. LENA M. LILLIE FOUND
GUILTY OF MURDERING HER
HUSBAND.**

SHOT WHILE HE SLEPT

Woman Educated and a Member of a
Prominent Nebraska Family—Mo-
tive for Crime Alleged to Have Been
Desire to Obtain Insurance Money
to Recoup Her Losses as a Patron
of Bucket Shops.

David City, Neb., March 4.—The
jury in the Lillie murder case in the
morning brought in a verdict of guilty
and fixed the punishment at im-
prisonment for life. Mrs. Lena M.
Lillie, well-to-do, educated and member
of a prominent family, was ac-
cused of the murder of her husband
Harvey Lillie, early in the morning
of Oct. 14 last, by shooting as he lay
sleeping in his bed. Mrs. Lillie
claimed that her husband had been
shot by a burglar who had robbed the
house of \$3,000 in cash. Harvey Lillie
died within a few hours of the
shooting without regaining conscious-
ness. He was a popular business man
without enemies and his domestic af-
fairs were supposed to be pleasant.
It was testified at the trial that Mrs.
Lillie was a steady patron of bucket
shops and had lost much money. It
was also shown that her husband's
life insurance in her favor was \$8,000.
The trial consumed over three weeks
and has been the most celebrated in
the history of this part of the coun-
try.

Application for a new trial will be
made and if overruled an appeal will
be taken to the United States supreme
court.

IMPORTANT STATEMENT.

Motive Established in Burdick Mur-
der and Arrest to Follow.

Buffalo, N. Y., March 4.—The finger
of police suspicion in the Burdick mur-
der case is pointing toward a woman
whose home is in the Elmwood dis-
trict. Her career is known to the po-
lice. By far the most important state-
ment made since the tragedy was given
out during the day by Superintendent
Bull, who heretofore has had but
little to say. He announced a sus-
pect; that the motive has been estab-
lished and that in due time there will
be an arrest. Superintendent Bull
says the suspect is a woman.

The cautious manner in which the
police are moving is undoubtedly due
to the expectation that when an ar-
rest is made a stubborn battle will fol-
low. They want to be sure of their
ground. The social prominence of the
victim and of those who will be
dragged into the case later on call
for extreme caution on the part of
the authorities.

WILL CONFRONT KNAPP.

Ohio Murderer to See the Body of His
Latest Victim.

Hamilton, O., March 4.—The body
of Hannah Goodard Knapp arrived
here at night, in charge of Chief of
Police Knarmerling, from New Al-
bany, Ind., where it was found Mon-
day.

Knapp will be confronted with the
body of his last victim during the day.

BY FRIDAY NEXT.

Award of Coal Strike Commission Ex-
pected to Be Submitted.

Wilkesbarre, Pa., March 4.—Accord-
ing to statements given out here
during the day by some of the most
prominent mine workers, the award
of the strike commission is expected
to be in the hands of the district
boards by Friday next, though none
of the officers could be induced to give
their opinion as to what the miners
could expect.

A number of attorneys from this
city, who represented coal companies
at the recent strike commission hear-
ing, have received notice to appear in
Washington on Thursday next and
meet the arbitrators.

John T. Lenahan, attorney for the
nonunion miners, said that he was
also wanted there for the purpose of
discussing the question of paying the
men by weighing of coal.

Seranton, Pa., March 4.—Represent-
atives of the operators and miners
have been summoned by the mine
strike commission for a conference
in Washington, to take place Thurs-
day morning at 11 o'clock.

The summons from the commission
simply states that the commissioners
want to confer about the question of
weighing coal.

ACCEPTS THE INVITATION.

Great Britain Will Participate in St.
Louis Exposition.

London, March 4.—"The govern-
ment has accepted the invitation of
the United States government to par-
ticipate in the St. Louis exposition,"
said Premier Balfour in the house of
commons during the day, replying to
a question by Henry Norman, Liberal,
regarding the steps being taken to in-
sure the United Kingdom being ade-
quately represented. "The extent to
which the country will participate,"
continued the premier, "and the exact
modus operandi are now under con-
sideration."

REPLACE SPRINGFIELDS.

Arrangements Being Made to Arm
Militia With Krag Rifles.

Washington, March 4.—General
Crozier, chief of ordnance, has made
preliminary arrangements for arm-
ing the entire organized militia of the
United States with the Krag-Jorgensen
musket of the regular service, in
accordance with the provisions of the
new militia law. He already has col-
lected about 60,000 of these arms at
government arsenals. These arms will
replace the Springfield muskets, which
are to be returned to the government.

TO FIX DATE FOR ARGUMENT.

Judges Will Get Together on Federal
Securities Case.

St. Paul, March 4.—Clerk Lang of
the United States circuit court re-
ceived a certificate from Attorney
General Knox asking that the date for
the arguments in the federal Northern
Securities case be set as soon as pos-
sible and requesting the clerk to send
certified copies of his certificate to the
judges of the circuit in order that they
may reach an agreement on the date.
Mr. Knox explains that under an act
of congress passed Feb. 11 the suit has
preference over other matters.

Mr. Lang sent to Judges Henry C.
Caldwell, Walter H. Sanborn, Amos
M. Thayer and Willis Van de Venter,
the circuit judges of this district, cop-
ies of the certificate of the attorney
general, and it is expected that the
judges will get together soon to fix a
date for the arguments. The suit, ac-
cording to the new law, must be tried
before three of the circuit judges.

The setting of the date for the trial
rests with Judge Caldwell, the senior
judge, but he will confer with the oth-
ers.

A committee of twelve has been ap-

to the state legislature for the estab-

men are demanding 12½ per cent in-
crease in wages and the operators are
willing to grant only 10 per cent.

BRYAN ISSUES DENIAL.

Says He Will Not Lead a Revolt From
Democratic Party.

Pittsburg, March 4.—William J.
Bryan, in an interview in the evening,
denied that he will lead a revolt from
the Democratic party in case the gold
Democrats capture the national con-
vention, as was reported from New
York. It was said he would bolt the
convention and lead an independent
movement.

Mr. Bryan said that not only had he
not made any such statement, but that
the contemplated action was impos-
sible and he did not discuss improb-
abilities. "Never will you find the
gold Democrats capturing any Demo-
cratic convention of national impor-
tance. The very idea of it is absurd."

WILL DEMAND AN INCREASE.

Duluth, March 4.—Members of the
Licensed Tugmen's Protective asso-
ciation declare that a raise of from 10
to 15 per cent in wages will be de-

If it is not granted, the Great Lakes
towing companies are said to be fear-
ful of a continuance of the strike
which partially paralyzed business
during the whole of last season.

where he had been banished on ac-

on returning here from the United
States, condemning the Columbian
government's war measures.
